Aspiring Federal Leaders Create Their Future Here.

For over 50 years we have provided advanced learning experiences to government agencies. From an immersive, transformational school designed to accelerate proficiency, to flexible half-day courses that enhance specific leadership skills and focused certificate programs, we create leaders at every level.

Leading Work. Leading People. Leading Strategy.

From basic skills to navigating complex challenges, our programs accelerate personal development through proven adult learning best practices, as well as Positive Organizational Psychology. And unlike more commercial offerings, we focus on the practices and topics of importance to the federal leader.

- Office of Personnel Management (OPM) foundational and supervisory competencies
- Executive Core Qualification (ECQ) alignment
- Inclusive leadership topics

World-Class Partnerships

We partner with some of the commercial sectors' most renowned executive development organizations to build federally-focused, experiential leadership journeys. These offerings combine best-in-class adult learning approaches with an emphasis on issues faced by federal leaders.

Ways to Buy

As a leading service provider for the federal government, Management Concepts solutions and services are available through a variety of contract vehicles. Introducing the School of Federal Leadership Excellence (SoFLE)

Transformational. Human-centered. Service-focused. Our innovative School of Federal Leadership Excellence (SoFLE) offers two new cohort-based programs designed to give aspiring and more seasoned federal leaders an immersive experience that focuses on the whole person.

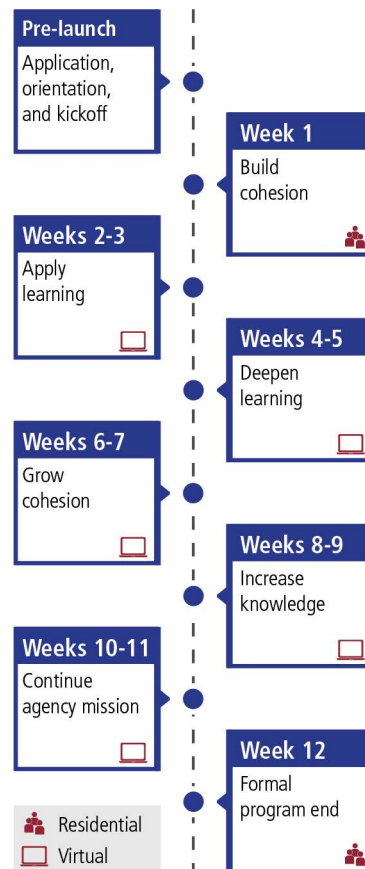

All SoFLE programs feature: Relevant Content | Quality Instruction | Hybrid Learning | Rich Feedback | Action Learning | Community Engagement

New Supervisor Immersion (NSI) Program

NSI is a twelve-week, cohort-based Leadership Development Program designed to accelerate GS-9 through GS-12 supervisors towards proficiency. This hybrid program includes both in-person and online learning using a variety of development and reinforcement activities as well as assessments and peer coaching. Areas of focus include self-discovery, leading teams, and developing business acumen. NSI is aligned to both OPM and DoD Civilian standards and focuses on the ten OPM Supervisory Competencies.

Mid-Level Enrichment (MLE) Program

MLE is a fifteen-week, cohort-based, multi-disciplinary development experience that provides mid-career leaders (GS-13 to GS-15) with exposure into specialty areas such as Financial Management, Acquisition & Contracting and Data Analytics, along with leadership skills enhancement. MLE is designed to create cross-functional leaders that can transition fluidly within and between agencies as their skills are needed. MLE is aligned to both OPM and DoD Civilian standards and focuses on the five OPM Executive Core Qualifications (ECQs).

Take Individuals and Teams Further

Enhance individual or team performance with coaching and assessment services designed specifically for the federal workforce.

Assessments

True talent management needs a balanced and holistic approach that begins with assessment of your current team. Our experts administer and interpret assessments, then develop a plan that maximizes individual and organizational strengths to let you build the leaders you need now and in the future. Options include:

- Training Needs Analysis
- Knowledge- and Skills-Based Assessments
- 360-degree Assessments
- CliftonStrengths®
- MBTI®
- DiSC®

Coaching and Mentoring

From helping high-potential candidates uncover their personal leadership style to addressing specific team communication challenges, our skilled coaches can enhance the effectiveness of your leadership development program. Most bring significant federal experience and are credentialed through the International Coaching Federation (ICF), at the ACC, PCC, and/or MCC level.
